Jember, East Java, Indonesia

Information Systems student (GPA 3.95) with proven experience in building Full-Stack Web Applications and a strong focus on system development. Proficient in Golang (Backend) and modern JavaScript frameworks including Vue.js and React. Experienced in developing REST APIs, administrative dashboards, and implementing end-to-end system architecture. Finalist of the Technoday Hackathon 2025 (Top 4) and winner of multiple tech competitions, demonstrating a commitment to technical excellence.

EDUCATION

Universitas Jember, Jember, Indonesia Aug 2023 - Aug 2027 (Expected)

Bachelor of System Information, 3.95/4.00

- Completed major projects such as SkillSwap, ScholarMate, and Anggrek AI using Laravel and modern web technologies.
- Active as a Teaching Assistant and Assistant Coordinator at the Software Engineering Laboratory.
- Participated in multiple competitions and achieved several awards in web development and tech innovation.

WORK EXPERIENCE

PT Suitmedia Kreasi Indonesia, Yogyakarta, Indonesia Aug 2025 – Dec 2025

Software Engineer Intern

- Developed CMS-based websites according to client requirements.
- Built REST APIs, integrated third-party APIs, and developed administrative dashboards.
- Collaborated with analysts, designers, and frontend developers in an Agile environment.

PROJECT EXPERIENCE

POS – WebApp

Golang (Backend), Vue.js (Frontend), PostgreSQL

- Developed a complete Full-Stack POS (Point of Sale) application.
- Utilized Golang to build high-performance backend REST APIs and business logic
- Implemented the user interface and functionality using Vue.js for a responsive user experience.

SkillSwap – Collaborative Learning Platform

Laravel, MySQL, Tailwind CSS, Blade, Cloudinary, Jitsi Meet, Botpress, Midtrans

- Built a full-stack learning platform with authentication, class management, credit system, user community, and admin dashboard.
- Integrated Midtrans for online payments, Cloudinary for media management, and Jitsi Meet for live classes.
- Implemented chatbot features via Botpress.
- Achieved Top 4 in Technoday Hackathon 2025.

Web UM Jember – University Website Redesign

HTML, CSS, JavaScript, Tailwind

- Developed a modern and clean redesign of Universitas Muhammadiyah Jember website.
- Delivered responsive layouts and improved UI/UX.
- Awarded 1st Place at Innovius Web Design Competition 2025.

ScholarMate – Scholarship Information Platform

Laravel, MySQL, Tailwind

- Built a web platform for browsing, managing, and filtering scholarships.
- Implemented role-based access control (Super Admin, Provider, Student).
- Added comment system, notification features, and administrative tools.

Anggrek AI – Orchid Stock & AI Disease Detection System

Laravel, Roboflow

- Developed a system for inventory management and disease detection using AI integration.
- Implemented user roles, stock tracking, and knowledge management features.
- Enabled early detection of plant diseases to support operational efficiency.

ORGANIZATIONAL EXPERIENCE

Software Engineering Laboratory, University of Jember

Aug 2024 – Present

Teaching Assistant

- Supported more than 50 students per semester in Algorithm & Programming, OOP, and Web Programming labs.
- Assisted students with debugging, understanding difficult concepts, and completing assignments.
- Prepared course materials and modules.

Software Engineering Laboratory, University of Jember

Aug 2025 – Present

Assistant Coordinator

- Coordinated assistant schedules and ensured smooth lab operations.
- Acted as liaison between assistants, lecturers, and laboratory management.
- Led meetings and resolved operational issues.

ACHIEVEMENTS

- Finalist – Technoday Hackathon (Top 4, 2025)
- 1st Place – Innovius Web Design Competition (2025)
- 3rd Place – I-COM CPC (2024)

TECHNICAL SKILLS

- **Frontend:** Vue.js, HTML, CSS, JavaScript, Tailwind CSS, React.js, Blade
- **Backend:** Golang, PHP (Laravel), C# (.Net), RESTful API, Python
- **Database:** MySQL, PostgreSQL, Supabase
- **Tools & Technologies:** Git, Cloudinary, Midtrans, Botpress, Jitsi Meet, Roboflow, Webflow
- **Soft Skills:** Communication, Teamwork, Leadership, Public Speaking, Critical Thinking, Analytical Problem Solving
